A COLLECTOR'S VISUAL GUIDE

## Leak & Sneak Peek

### vToy Checklist

This checklist is based on rumors, leaked store product lists, and the rarest of all: official announcements from Hasbro. As such, *everything on this list is subject to change*. Many of these toys have multiple confirmations from different sources, and we can probably be confident that they're real (a few might even be spectacular). We have no idea when these items will appear on shelves, but Force Friday is a good bet for most. If you've got a new leak or sneak peek for the list, please send it to [news@jeditemplearchives.com](mailto:news@jeditemplearchives.com).
